Using authentic BioHorizons parts will ensure a precision fit connection between the prosthetic component and implant, avoiding costly component failures that may occur from using third-party prosthetics. Authentic BioHorizons parts are color-coded for easy identification to match the mating implant.

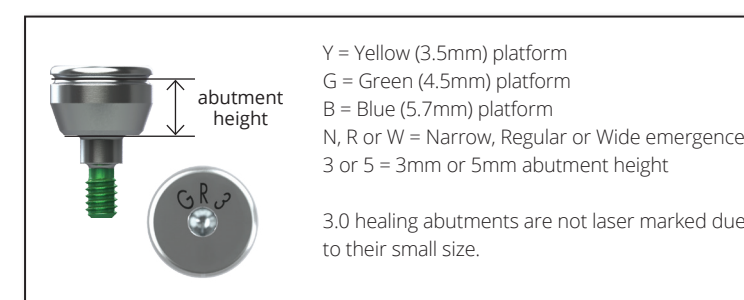

For more information, contact your local Territory Manager or call Customer Care: **1.888.246.8338**

† For 3mm and 5mm Laser-Lok healing abutments, simply add an "L" to the end of the part number, e.g. PYRHA3L
‡ Long version also available (TP3DCL)
